

The Chef's Garden

Growing vegetables slowly and gently
in full accord with nature.

AVAILABILITY GUIDE

July/ August 2017

The Chef's Garden

We offer a variety of products each month. We are dedicated to growing vegetables slowly and gently in full accord with nature. Below are descriptions of each of the categories we offer along with the specific products from A to Z.

Micro Greens

Plants offer different flavors and textures at every stage of growth, so we've developed unique sizing options that let a chef's creativity soar. Miniature vegetables, herbs, greens and lettuces in Micro size pack a punch of flavor that can be used to add complexity of flavors or simply enhance a dish with their aroma, texture and visual appeal.

Herbs

Herbs are an essential part of every dish. Whether you desire a kick of heat or a subtle sweetness, The Chef's Garden has an herb for you. Experiment with our varieties. They are perfect for cocktail hour through dessert and every savory bite in-between.

Greens

Our Greens from petite to Baby make a big visual impact and feature an intensely spicy flavor. We have a wide variety to choose from in fresh, beautiful tones of green and red to compliment any dish, sized between 2 and 6 inches.

Flowers and Blooms

Simple touches can turn any dish into something truly extraordinary. See and taste the difference when you add a bloom or petal to your dish. Our greenhouses are overflowing with Edible Flowers of all shapes, sizes and colors to accent any dish.

Lettuce

In addition to the great selection of Lettuces, we take it a few steps further. We have learned from chefs over the years that every stage of the plant offers something cool and unique to the plate. That's why veggies and even Lettuces are offered in sizes ranging from Petite, which we actually harvest with scissors, to Ultra and Baby.

Petite to Baby Vegetables

Our vegetable crops are immensely versatile and have a special place in every chef's kitchen. Serve our vegetables raw or cooked, and let their natural sweetness and bright colors captivate the eye and please the palate.

Featured Dishes

The Chef's Garden was built because of the Chefs' love for Microgreens, Heirloom Vegetables, Specialty Lettuce and Edible Herbs and Flowers. We want to feature you, the Chefs, and the reason we decided to become The Chef's Garden. Get creative and share your photos of our products in the kitchen, finished dishes and plates at the pass. Post your dishes to our Facebook page. Tag your dishes on Twitter @TheChefsGarden. Use the hashtag #thechefsgarden on Instagram or send us an email: marketing@chefs-garden.com.

@brianglitttle
